WHAT TO EXPECT

AT THE 2012 KTA[®] SYMPOSIUM

Düsseldorf University (Germany) hosts the 27th Annual Kinesio Taping Association Symposium, which provides a great opportunity to learn from a diverse field of experts how to use Kinesio Taping in your practice and for your patients. Truly a global educational event as lecturers and presenters gather from 13 countries and attendees from more than 30 as well. Come and discover the latest in research techniques and results, and rub shoulders with multi-disciplinary instructors and attendees from all corners of the world. From research to practical application; pediatrics to post-operative and even equine care - you're sure to find something that can be applied in your practice when you return to the office on Monday morning. Join us in Düsseldorf to learn, practice and collaborate with colleagues from around the world and gain the most up to date information about the Kinesio Taping Method.

PRESENTATIONS AND WORKSHOPS INCLUDE:

- Pediatrics
- Lymphedema
- Neurological
- Sport and Orthopedics
- Musculoskeletal Disorders
- Posture
- Pain
- Post-operative
- Equine
- And much, much more!

KEY NOTE SPEAKERS

Kenzo Kase, DC Japan

Dr. Kenzo Kase invented the Kinesio Taping Method in the early 1980s, is the Founder and Chairman of Kinesio Taping Association International, and the inventor and developer of Kinesio Tex Tape (Kinesio Tape). Dr. Kase is also a member of the Japan Olympic Committee and has authored over 90 books on Integrated Therapeutic Methods.

Kimiko Kawano, Ph.D. Japan

A 1967 graduate of Rikkyo University, Tokyo, she currently serves as an assistant professor on the faculty of science at Toho University. Also teaches at Tokyo Saiseikai School of Nursing and has performed extensive research using EEG to examine health issues from the standpoint of brain physiology. Vice President of the International Society of Life Information Science, Toho University, Vice Chair of International Research institute, Chiba, Japan and Vice President of the Society of Kinesio Taping Therapy.

FEATURED SPEAKER

Hans-Michael Klein, Prof., MD Germany

Hans-Michael Klein, MD, PhD, is an Associate Professor at the Department of Thoracic and Cardiovascular Surgery at Düsseldorf Medical School. Following his graduation, Prof. Klein received his MD (1981) and PhD (1991) at Düsseldorf Medical School. He specialized in General, Vascular, and Cardiothoracic Surgery. Besides valve surgery is especially interested in different approaches of myocardial regeneration and revascularization.

Saturday, Sept. 29th

- Lucio Carlucci**, Lucamed Program Information Day 1
- Kenzo Kase**, DC Welcome
- KTAI Staff History of Kinesio / KTAI
- Dragan Dimitrijević**, PT, CKTI Thermography Monitoring of Kinesio Taping Therapy
- Francisco Garcia-Muro San José**, PT, CKTI Kinesio Taping: A Bibliometric Analysis
- Jose M^a Gonzalez Ruiz**, PT, CKTI Kinesio Taping After ACL Surgery - A Case Study
- Radwa Ahmed**, PT Kinesio Taping for Arm as Prophylaxis Against the Development of Erb's Engram
- Kenzo Kase**, DC The Autonomic Nervous System Relating to the Kinesio Taping Method
- Hans-Michael Klein**, Prof, MD Pain Management after Thoracic Surgery Using Kinesio Taping
- Stefano Frassine**, PT, CKTI & **Michela Colombo**, PT, CKTI Kinesio Tape - An Alternative and/or Complementary Treatment for Pain Due to Sternotomy after Cardiac Surgery
- Edwin Ryan**, DPT, MS, ATC, RCEP, CSCS, CKTI Use of the SFMA and Myofascial Meridians to Guide Application of the Kinesio Taping Method
- Kenzo Kase**, DC Dr. Kase Demonstrations
- Social Dinner

Sunday, Sept. 30th

- Lucio Carlucci**, Lucamed Welcome / Program Information Day 2
- Stephan Mogel**, PT Kinesio Tape & Hamstrings
- Jacek Sasinowski**, PT, CKTP Facial Nerve Palsy
- Yonca Zenginler**, PT Kinesio Taping for Drooling in Children with Cerebral Palsy - Acute
- Stefano Frassine**, PT, CKTI Postural Balance in Low Back Pain: Comparison Between Back School and Kinesio Taping Method
- Itzhak Friedman**, PT, CKTI Back Stability, Gait and Kinesio Taping
- Gül Baltacı**, PT, PhD, CKTI Effectiveness of Different Treatment Approaches on Pain, Functional Scale and Strength in Patients with Lumbar Pathologies without Neurological Deficits
- Kimiko Kawano**, PhD EEG and Kinesio Taping
- Kenzo Kase**, DC, **Kimiko Kawano**, PhD and others Ask the Experts
- Sybille Molle**, DVM, CERT, CKTI Use of Kinesio Taping for the Treatment of Sacroiliac Joint Dysfunction in the Horse
- Stanford Sports Medicine** 2013 KTAI Symposium Preview

WORKSHOPS

Workshops are presented both Saturday, Sept. 29 & Sunday, Sept. 30

- Raúl Díaz González Santibáñez**, MD, CKTI Workshop A: Kinesio Taping for Pediatrics
- Jim Wallis**, ATC, MS, CKTI Workshop B: Kinesio Taping for Sports
- Gudrun Collins**, CLT, CKTI Workshop C: Kinesio Taping for Lymphodema
- Graceann Forrester**, PT, DPT, CKTI Workshop D: Kinesio Taping for Beginners
- Joris Pfeiffer**, **Sascha Seifert**, PT's Workshop E: Kinesio Taping and the Balloon Theory

INFORMATION

REGISTRATION FEES

Non-KTA Member	\$249.00
KTP Members	\$224.10
CKTP Elite Members	\$199.20
Student	\$179.00
Social Dinner	\$50.00

10% Early Bird Discount if registering before June 30.
